#### Student Learning Outcomes

Upon successful completion of the course, students will:

1. Apply the theory, concepts, and skills involving specialized materials, tools, equipment, procedures, regulations, laws, and interactions within and among political, economic, environmental, social, and legal systems associated with the occupation and the business/industry.
2. Demonstrate legal and ethical behavior, safety practices, interpersonal and teamwork skills, and appropriate written and verbal communication skills using the terminology of the occupation and the business.

#### Student Contributions, Responsibilities and Class Policies

Individual clinical rotations will be assigned grades and then averaged to determine the final grade. Students **MUST complete all hours, patient contacts, skill competencies etc. that are required in the Midland College Clinical Handbook.** Rotations will have assigned times. Any student arriving late will be counted tardy. Students will be required to make up all missed assigned clinicals. Student is responsible to follow the Absence and Tardy Policy in the Midland College Clinical Handbook. A student may also be sent home for any infraction stated in the Paramedic Clinical Handbook and will be treated as an absence or according to the Paramedic Clinical Handbook. Student must complete the required number of clinicals specified by the instructor in an allotted time, i.e. two (2) ER rotations in a calendar month. If the requirement is not met the student will have a zero averaged in with the grade that is made on the next clinical or rotation. **Student must be familiar with all the contents and by enrolling in the class agrees to follow all policies of the Midland College Clinical Handbook and the Midland**

**College Student Handbook. There will be a mandatory hospital orientation, date and time that will be announced.**
