Midland College Instructor Vitae: Antony Giles

Education

- PhD (ABD), Washington State University
- MS Geology, Sul Ross State University
- BS Geology, University of Arkansas at Little Rock

Teaching Experience

- University of Arkansas at Little Rock, Geology TA, 08/1996-08/1998
- Sul Ross State University (Alpine, TX), RA, GIS, Geology TA, 08/2004-08/2006
- Washington State University (Pullman, WA), TA, 08/2006-08/2010
- Nicholls State University (Thibodaux, LA), Instructor of Geology, 01/2010-08/2013

Professional Publications

- A Case Study of Greenstone in the Davis Mountains, Texas: A Possible Source for Lunate Stones, Walter, R. and Giles, A., Archaeological Explorations of the Eastern Trans-Pecos and Big Bend: Collected Papers, Volume 1, pp. 93-113, 2013.
- Recognition of variants of A-type rhyolite: a comparison of the Snake River plain and Trans-Pecos Texas volcanic provinces A.N. Giles and J.A. Wolff, American Geophysical Union Annual Meeting Abstracts, San Francisco, CA, 2009.
- The use of term projects and photo projects in large format (200+students) introductory geology courses: A.N. Giles and K. Wilkie, American Geophysical Union Annual Meeting Abstracts, San Francisco, CA, 2009.
- Two petrologic types of high-grade ignimbrite? A comparison between rhyolites of the Trans-Pecos Texas and central Snake River plain volcanic fields, Giles, Antony N.; Wolff, John A.; Larson, Peter A.; Urbanczyk, Kevin M: Abstracts with Programs - Geological Society of America, March 2008, Vol. 40, Issue 3, pp. 11-12.
